#### **COMMENCING AT: 10:05 AM**

#### PRESENT:

Matthew Christensen (Director Assets and Infrastructure), Anthony Carroll (Road Safety Officer), Fazlul Hoque (Roads & Maritime Services), Paul Dean (NSW Police Highway Patrol)

#### 1. APOLOGIES

Mayor James Hayes, Councillor Margaret Isselmann, Councillor Bruce Wright, Ray (Dossie) Carr (Justin Clancy MP representative).

#### 2. MINUTES OF PREVIOUS MEETINGS

#### **RESOLVED:**

That the Minutes of the Local Traffic Committee Meetings held on 1<sup>st</sup> March 2018 and the 3<sup>rd</sup> April 2019 be accepted as read.

#### 3 BUSINESS ARISING

Matters raised at the 3rd April 2019 meeting will be discussed later in this meeting.

#### 4. AGENDA ITEMS

#### 4.1 SPEED ZONE REQUEST - TOOMA ROAD, TOOMA

#### DISCUSSION:

The community had not achieved consensus regarding the speed reduction request. Traffic data collected from south of the Possum Point Road intersection identified that traffic was travelling below the posted speed limit of 100km/hr.

Further data from traffic counters was recommended to be collected from between Possum Point Road and Mount Garland Road to determine the speed of south-bound traffic approaching the intersection. In addition it was recommended that the speed zone for the site be verified.

It was agreed that more images of the approach need to be included in the next report in order to submit a fully informed recommendation to Transport for NSW

#### RECOMMENDATION:

That Council note the Committee's discussion and that further discussion will be undertaken at the next meeting following additional traffic data.

## 4.2 SPEED ZONE REQUEST - MILES FRANKLIN DRIVE, TALBINGO DISCUSSION

A request was made at a community meeting for a speed limit be applied to Miles Franklin Drive.

Data was subsequently collected by Council and discussed at the Committee meeting. The data revealed that while the posted speed is 60 km/hr, the mean speed is 57 km/hr and 85% is 68.4 km/hr.

NSW Police Highway Patrol commented that the roads environment did not support the low speed limit as it was open countryside with an unfenced golf course bordering the road on one side and open grassland belonging to Water Resources on the other. Increasing the 60 km/hr zone towards the highway or power station would increase the likelihood of speeding in the town zone as road users would become frustrated by the prolonged zones of lower speeds. Prominent signage may be more effective in informing road users to adhere to speed limits

#### RECOMMENDATION:

That Council note the submission made by the Talbingo Progress Association and:

- Request Transport for NSW to install more prominent Speed Limit signs.
- 2. Share the data with the residents of Talbingo at the Talbingo Progress Association.

## 4.3 RURAL BUS STOP APPLICATION - HUSSELL (N2452) - 519 TOOMA ROAD, BURRA

#### DISCUSSION:

To consider the suitability of a rural school bus stop situated on 519 Tooma Road, Burra.

Site distances suitable for 100 km/hr traffic and lack of lay by lanes made this site unsuitable for a school bus zone. The nearest bus stops that are suitable are 620 m north or 870 m south of the driveway to 519 Tooma Road. This is recognised by the Committee to be inconvenient for the young family.

Treatment could be provided for the Tooma Road to provide pick up and set down layby lanes for the school bus and these facilities would also improve sight distances for approaching traffic.

#### RECOMMENDATION:

That Council not approve a rural school bus stop situated at 519 Tooma Road, Burra, and that:

- the bus operator and the passenger's family be informed of the proximity of neighbouring bus stops; the determination of the Committee and the necessity of adherence to Austroads Guide.
- Council investigate the installation of lay byes at 519 Tooma Road that satisfy the requirements of the "Supplement to Austroads Guide to Road Design Part 3, 4.12.3 Design of Bus Stops- Rural".

## 4.4 RURAL SCHOOL BUS STOP APPLICATION - (N2452) HUSSELL - 1236 TOOMA ROAD, BURRA

#### DISCUSSION:

To consider the suitability of a rural school bus stop situated on 1236 Tooma Road, Burra.

Site distances suitable for 100 km/hr traffic and lack of lay by lanes made this site unsuitable for a school bus zone. The nearest bus stops that are suitable are 610 m North or 985 m East of the driveway to 1236 Tooma Road. This is recognised by the committee to be inconvenient for the young family.

Treatment could be provided for the Tooma road to provide pick up and set down layby lanes for the school bus and these facilities would also improve sight distances for approaching traffic.

#### RECOMMENDATION:

That Council not approve the rural school bus stop situated at 1236 Tooma Road, Burra, and that:

- the bus operator and the passenger's family be informed of the proximity of neighbouring bus stops the determination of the Committee and the necessity of adherence to Austroads Guide.
- Council investigate the installation of lay byes at 1236 Tooma Road that satisfy the requirements of the "Supplement to Austroads Guide to Road Design Part 3, 4.12.3 Design of Bus Stops- Rural".

## 4.5 REQUEST FOR PEDESTRIAN FACILITY - BATLOW ROAD, BATLOW - LINKING (21-23 SELWYN STREET TO WEST BATLOW)

#### DISCUSSION:

Batlow Development League has been approached by many businesses requesting the installation of a traffic facility across Batlow Road linking the IGA Supermarket, chemist and café with the western side of town, especially the Batlow Retirement Village.

The Batlow Development League applied to the RMS via the Local Traffic Committee for speed reductions and the installation of pedestrian facilities and the application for speed reduction was discussed at the 1<sup>st</sup> March 2018 meeting.

There are no pedestrian facilities across the Batlow Road and therefore residents including students from both schools and elderly residents currently need to cross the road without protection from traffic. The type and site for the proposed pedestrian facility was selected because of the proximity of the Senior Citizens Village and the commercial facilities making allowances for sight limitations and structure of the road.

#### **Festival Markets**

- Location Bila Park or Railway Precinct
  - Gilda advised that the Lions Club of Tumut representatives showed interest in running the markets again but required the full conditions up front to discuss and be approved with the rest of the Lions Club before committing. The Lions Club market location preference is at the Railway Precinct mainly due to ease of accessibility and stallholder preferences.
  - Pros and Cons raised. Railway Precinct flat, easy access for all means, weather, stallholders' preferred but location is too far from main street and power issues. Bila Park Close to main street, local businesses to benefit, 'falling leaf' aspect at park but can be flooded, accessibility issues.
  - Peter suggested Festival across the weekend. Gala Day Saturday, Entertainment at Bila Park and Markets at the Railway. Motorcross people may still be around in Tumut.
  - Margaret suggested asking social media for feedback to vote what community wants –
     Markets at Bila Park or Railway Precinct? Lyndal to organise.

- Coles outstanding debt to FOFL Committee \$10,000 initially, but \$5,000 has been previously been wiped off. Julie advised that apparently a couple of years ago head office management changed procedures and issued sponsorship donations in the form of gift cards, instead of direct cash payments.

**RESOLVED:** That the committee allows to hand over Coles' non-payment of \$5,000 in sponsorship monies to be invoiced and collected by Snowy Valleys Council on behalf of the Festival of the Falling Leaf Committee.
